INDUSTRY

ENGINEERING

Honeywell invents and manufactures technologies to address some of the world's toughest challenges initiated by revolutionary macro trends in science, technology, and society.

Honeywell is a Fortune 100 multinational technology conglomerate that produces a variety of commercial and consumer products, engineering services and aerospace systems for a wide selection of customers ranging from private consumers to major corporations and governments.

With more than 127,000 employees worldwide, including more than 22,000 engineers

and scientists, Honeywell has an unrelenting commitment to quality and delivering results in everything it makes and does.

TOP TALENT GETS BUSINESS SKILLS

The challenge was to move new leaders from functional experts to business thinkers and help create an entrepreneurial culture within the organization.
